

Introduction

This Corporate Governance Statement is current as at 14 September 2021 and has been approved by the Board of the Company on that date.

This Corporate Governance Statement discloses the extent to which the Company has followed the recommendations set by the ASX Corporate Governance Council in its publication Corporate Governance Principles and Recommendations (4th Edition) (**Recommendations**). The Recommendations are not mandatory, however the Recommendations that have not been followed have been identified and reasons provided for not following them along with what (if any) alternative governance practices the Company has adopted in lieu of the recommendation.

This Corporate Governance Statement and further information about the Company's governance practices is set out on the Company's website at <http://www.alchemyresources.com.au/corporate-governance>.

Due to the current size and nature of the existing Board and the scale of the Company's operations, the Board does not consider that the Company will gain any benefit from having a separate Nomination Committee or a Remuneration Committee and that its resources would be better utilised in other areas as the Board is of the strong view that at this stage the experience and skill set of the current Board is sufficient to perform these roles. Under the Company's Board Charter, the duties that would ordinarily be assigned to these committees are currently carried out by the full Board under the written terms of reference for those committees.
